BLINDED BY RUM.

Sea Captain Pleads to Go Back to Ship; Thinks Room is Dark.

New York, July 30.—In a hospital room flooded with sunlight, Gardner W. Goold, a 59-year-old lighter captain, blinded by drinxing wood alcohol contained in a drink offered to him as whisky, pleaded to be told "how long they are going to keep me in this dark room." Physicians at the hospital have not yet had the courage to tell him that his sight is gone forever.

"They say that I'll be here a month" declared the captain. "Tell them I cannot spare that much time. I'm used to being outdoors and I'll get better a lot quicker if they let me out."

Goold traded a few pieces of silver and his vision for the poisonous concoction. A foreign sailor who boarded his lighter in the harbor offered him the drink Wednesday and then brought him five additional yesterday. The captain took a few drinks yesterday and then toppled over on the deck. He was rushed to a hospital where physicians said that the posion had caused atrophy of the optic nerves and that he would never again see.

CAUSE OF GREEK TRAGEDY.

Friend of Victims Tells of Events Which Led to Sunday's Murders.

Wilmington, N. C., July 30.—Infatuation of a servant for the daughter of his master and the blasting of his dreams at the moment he imagined himself on the threshold of their realization, led to the tripple tragedy in Washington last Sunday, when three Greeks were killed in a downtown rooming house, according to the story told there yesterday by a friend of two of the victims.

James Pappas told the police officials today that Jean and Kathryne Odiscus were brother and sister, not man and wife, as was first reported from Washington, and the third victim, orginally reported as Thomas Apostles, was in reality Theodore Koukos, an old retainer of the Odiscus family in Constantinople.

Jean and Kathryne Odiscus, Pappas told the police, came to Wilmington during the latter part of May to visit their brother, Dan, at that time employed in a local cafe. Kathryne was registered at a local hotel on May 22, signing the name "Lucy Jordan" on the register, and affixing New York as her place of abode.

The romantic story told newspaper men yesterday begins in Constantinople, leads through Norfolk and Wilmington, and ends with the tragedy in Washington.

The sire of the Odiscus family feared for the safety of his beautiful daughter, Kathryne, lest she be abducted by officers of the Ottoman army, so he entrusted her, in company with Jean, to Koukos, who piloted them to America.

Koukos carried out this part of his master's mandate, but on the way over, or sometime thereafter, he fell desperately in love with the daughter. Arriving in Washington, Koukos secured employment in a hotel, while the Odiscus pair rented an apartment.

CLASH OVER "GRABS"

Signing of Turkish Treaty Delayed by Grabbing of Territory in Smyrna By Hellenes

Paris, July 30.—The dispute between the Italian and Greek governments, which will delay their signing the Turkish treaty, appears to turn upon the extensive occupation of territories in Asia Minor by the Greek troops after the defeat of the Turkish Nationalists.

The Italians affirmed the Greeks already have occupied five times as much in the Smyrna region as is allowed by the treaty.

STATE-WIDE LIQUOR RAIDS

Newark, N. J., July 30.—Twelve truckloads of whisky, valued at $35,000 were confiscated here yesterday by squads of Federal agents from New York, Philadelphia and Pittsburgh, in a city-wide raid on saloons and wholesale liquor dealers' establishments.

The search for violators of the prohibition law was extended to the suburbs and other sections of the State. Newark apparently was the pivot of operations, fifty-two of the 100 warrants issued being for places in this city. Two men were arrested when they interfered with agents in the seizure of $6,000 worth of liquor in a saloon.

THRONG CHEERS LIPTON

Irish Baronet Unable to Break Through Crowd of Visitors to Shamrock IV

New York, July 30.—"Sir Thomas Lipton, owner of Shamrock IV., unsuccessful challenger for the America's cup, had difficulty going aboard his own yacht last night when an enthusiastic crowd of more than 3,000 persons, who had gathered at a Hudson River pier where the craft was moored, barred his way. The crowd cheered the Irish baronet and blocked the pier until police reserves cleared a lane to the dock.

Shamrock IV. and the twenty-three meter Shamrock were towed up the Hudson today to permit visitors to go aboard the challenger. None had been allowed on board, however, before Sir Thomas' arrival and he pulled a gang plank from the dock to her deck and invited the crowd to visit the boat. Later he announced the yacht would remain in the Hudson until Saturday.

THREE INJURED IN AUTO SMASH

Thos. Holtzman, Luray, Va., Sustains Slight Fracture of Skull

MACHINE WRECKED

Car Driven by Capt. Louis Duffey Who Received Slight Injuries As Did A Mr. Dycke.

When an automobile driven by Capt. Louis N. Duffey, of the Alexandria Light Infantry, turned turtle north of Braddock on Mount Vernon avenue near Russell road shortly before 11 o'clock last night, Thomas Holtzman, twenty-two years old, whose home is at Luray, Va., was seriously injured and Capt. Duffey and a Mr. Dycke, the last named of Luray, who now lives in Washington, sustained minor bruises and cuts. The machine was completely wrecked having gone down a ditch.

Holtzman and Dycke had been guests of Capt. Duffey at his home at Braddock and Capt. Duffey, accompanied by Mr. Holtzman, was returning to Washington with Mr. Dycke. Holtzman was to have spent the night at Capt. Duffey's home.

Following the accident Holtzman and Capt. Duffey were brought to the Alexandria Hospital and Drs. Moore and Delaney summoned and the physicians stated that they thouht Holtzman had a slight fracture of the skull at the base of the brain. Hotlzman did not recover consciousness until this morning and he was only partially conscious at times. However, the hospital officials said that his condition had greatly improved and they thought that he would soon recover.

Capt. Duffey only received slight injuries and he at once left the hospital after receiving treatment. Mr. Dycke only received slight bruises and returned to Washington following the accident.

Capt. Duffey says that the steering geer of the machine went wrong causing the accident.

The car was a heavy two passenger Studebaker roadster. The men who were in the machine with Capt. Duffey served overseas with him during the world war.

ALLEGED MILK WASTE

8,000 Gallons Poured Out at Maryland Station, Says Inspector

Eight thousand gallons of milk, most of which should come to Washington, is daily being poured upon the ground or into sewers at a large receiving station in Maryland. This information is contained in a report of a District health department dairy inspector to Dr. William C. Fowler, local health officer.

This is the result of an investigation conducted by the department relative to reports of milk wasting by individual dairy farmers in Maryland and Virginia.

Search by health department inspectors has disclosed that the farmers are not to blame for the condition. They bring the milk to the receiving station where, the report states, the cream is skimmed off and most of the remainder thrown away. A small part of the latter is made into cheese.

Health officials believe that a possible increase in milk prices, such as has been made in Maryland, will not materialize here until fall.

COX UNPLEDGED ON LEAGUE ISSUE

White Declares There's No Iron-Bound Contract With President

TO STATE POSITION

New Democratic National Chairman Disposes of Alleged Differences Betaween Candidate and Wilson

Washington, July 30.—"No iron-bound contract exists between Governor Cox and President Wilson regarding the League of Nations."

In this positive fashion, George White, the new Democratic national chairman, on his arrival here yesterday morning disposed of the differences said to have arisen between the White House and the Democratic nominee over the interpretation of the pledge which Governor Cox gave to the President on the occassion of the now famous White House interview.

As further evidence of the independent attitude assumed by the nominee and his managers, Mr. White added:

"As a result of the action of the San Francisco convention, of course, Governor Cox, as a nominee, is the new leader of the party. In his

MADE WAR ASSISTANT

President Names William R. Williams, of Richmond, Baker's Aide

President Wilson yesterday appointed William R. Williams, Richmond, Va., as Assistant Secretary of War, Secretary Baker announced yesterday. Williams probably will be sworn in today.

For the last fifteen years Williams has been general manager of the Richmond Forging Corporation and for many years was with the American Locomotive Works. He succeeds Benedict Crowell.

LEAFLESS EVE AMUCK

Baltimore, Md., July 30.—Clad only in her vivid imagination, and flourishing a homicidal butcher knife, Mrs. Annie Sember, of 1618 Shakespeare street, started to revive ancient Amazonry in her neighborhood yesterday morning. It was a case of a rampant Lady Godiva without a horse.

Women and children fled indoors from the militant woman's threats. Her husband telephoned for the police. Patrolman Bates arrived, and after much diplomatic conversation succeeded in persuading Mrs. Sembor to discontinue her version of the Garden of Eden with trench warfare effects.

After he had induced her to don a few sketchy garments, he took her for a ride—in the patrol wagon. She was sent to Bayview from the Eastern police station.

BOY MURDERER DIES

Elmer Hyatt Youngest Ever to be Electrocuted at Sing Sing

Ossining, N. Y., July 30.—Elmer Hyatt, said to be the youngest of the 165 slayers who have been executed in the Sing Sing electric chair, was put to death in the execution chamber late last night, after his mother, sister and brother had made fruitless efforts to get Gov. Smith to spare his life.

Hyatt, who killed Policeman O'Brien in Rochester after he had committed fifteen burglaries, was but 17 1-2 years old when he committed the murder. He claimed to be but 18 on the eve of his execution.

CARS OF CONCRETE

Berlin, July 30.—German ingenuity, fostered by compelling necessity, is going forward with the construction of ferro-concrete ships and freight cars. Development along these lines promises to be enormous. Experiments and actual construction already undertaken indicate that the nation will be successful in this modern style of construction which has largely been forced upon it because steel and iron are short. This shortage is destined to be greater as time goes on, since Germany is obligated to supply large quantities for France's reconstruction.

SEEK WAR DATA FOR VIRGINIA HISTORY

Meeting of Local Committee Tomorrow Afternoon At 3 P. M.

STEARNES TO ATTEND

Want Information of Part Taken by Alexandrians In the World War. Request Same at Once.

For the purpose of compiling the part played by Alexandrians in the world war, which data will be used for Virginia's war history, a meeting will be held at 3 o'clock tomorrow afternoon in the rooms of the chamber of commerce at which time R. C. Stearnes of Richmond will be present.

All who can contribute information on war work will be welcomed by the committe in charge. Miss Helen Norris Cummings is in charge of the local arrangements.

Slowly but surely material for Virginia's War History is accumulating. It would be alike unfair to the cities and counties which have been working hard and to these divisions which have accomplished little if an official statement should be made that satisfaction is general. Far from it! There are several of the counties of Virginia and a few of the cities that are completely or virtually unorganized. There are some with paper organizations, but which give little or no indication of work accomplished.

This is really a most unfortunate condition which cannot be overlooked and should be corrected. There is not a political division of Virginia which failed to make a worthy contribution toward the State's share in winning the war. Men were given cheerfully to the colors, money was contributed freely toward every worthy cause, provisions were conserved, production was speeded—in short, all Virginia did well. However, these facts, known today, will not be known years from now unless

DUEL WITH ROBBERS

Michigan Deputy Killed, Two Alleged Bandits Shot—Recover Loot.

Jackson, Mich., July 30.—Deputy Sheriff Harry Worden was instantly killed, Deputy Sheriff Kutt was wounded and two alleged bandits were shot in a gun fight late yesterday between a sheriff's posse and a band of robbers who had held up and looted the Farmers' State Bank at Grass Lake, 12 miles east of here this forenoon. Six men, five of whom are said to have been members of the bandit gang, were captured following a fight in a marsh near Wolf Lake, a few miles from the scene of the robbery.

The robbers were captured when surrounded in a summer cottage.

The loot consisting of approximately $10 000 in cash and bonds, was recovered.

Officers believe two of the bandits are still at large and that one of them received severe wounds in the gun fight. Search for them was being continued tonight.

$60 000,000 SHARE VOTED

Harvester Company to Give 60 Per Cent of Its Surplus Earnings.

New York, July 30.—At a special meeting of stockholders at the International Harvester Company in Hoboken yesterday there was adopted a plan of stock ownership and extra compensation for employes.

The plan as announced provides for an increase in the authorized amount of preferred stock from $60 000 000 to $100 000 000 and an increase in the authorized common stock from $80 000 000 to $130 000 000. Of these stock increases there will be set aside for the 40 000 employes in this country and Canada $40 000 000 of the new preferred and $20 000 000 of the new common.

The only restriction placed upon a worker sharing in the fund is that he remain continuously in the service of the company throughout the year and until the funds are distributed.

DANCE TONIGHT.

A number of the young men of this city who have been students at the University of Virginia for the past few sessions will give an informal subscription dance tonight beginning at 9 o'clock, in the Elk's Auditorium.

Among the chaperons will be Mrs. Albert Bryan, Mrs. Edward Stabler Fawcett, Mrs. Laurence Stabler, Mrs. Emmett C. Dunn, Mrs. John M. Johnson, Mrs. Louis C. Barley, Mrs. Albert D. Brockett, Mrs. George M. Anderton, Mrs. John F. Tackett, Mrs. James Johnston, Mrs. Charles M. Shepperson, Miss Loula Smoot and Miss Rose MacDonald.

The committee in charge of arrangements is composed of Laurence G. Fawcett, Gardner L. Boothe, Jr., and Albert V. Bryan, and every effort is being made for the success of the affair. Music will be by Mc Williams' orchestra, always an inducement to the younger dancing set to attend as this orchestra has the reputation of playing the best dance music in this section.

INVESTIGATIONS DELAYED

Senator Reed Declares Inquiry Will Be Resumed in September, Following Vacations.

St. Louis, July 30.—United States Senator James A. Reed here yesterday announced the Senate subcommittee would not resume its investigation of campaign expenditures of presidential candidates until September. Senator Reed is a member of the sub-committee.

Senator Reed eplained that he is preparing to take a vacation and that Senator Kenyon, the committee chairman, is at present on a vacation and that under these circumstances, early resumption of the investigation is unlikely.

Senator Reed does not know if the inquiry will be taken up where it left off, by continuing investigation into the Palmer campaign expenditures in Missouri, he said, as the decision as to the direction of his activities, lies wth the committee.

The public may be assured, however, he added, that the inquiry will be through.

Sunday at 3 o'clock on the Alfred street grounds the Cardinals will try to make it 20 straight against the regular team of the Comanche A. C. This team is back at its own request after last Sunday's defeat and will have their stars on the field including Knapps Flynn their star southpaw. This team has defeated some of the best around here and held the Knicks to a 4 to 2 score a couple of weeks ago and make any team hustle to beat them. The Cardinals have the month of August booked with the fastest teams in this section and can guarantee you good fast ball at all times. Jones who struck out seventeen last Sunday will work again this Sunday with Schafer doing the receiving. This battery has not lost a game this season and if you want to know the reason come out and look 'em over Sunday at the Alfred street grounds.

REDS MURDER OPENLY.

Thirty Men Killed or Attacked By Syndicalists in the Last Ten Days.

Madrid, July 30.—The nonsyndicalized workers of Barcelona have been suffering a reign of terror during the past ten days at the hands of the syndicalists, who within that period have assasssinated or attempted to assassinate thirty persons. Outrages occur day or night, in the open streets. Even in the most crowded centers of traffic an outburst of shooting happens and stops suddenly. Then the perforated body of some man is seen lying on the ground but the assailants have generally disappeared without molestation.

The victims without exception are defactory workmen who have refused to continue to pay dues to the syndicalists, and thereupon are condemned by a small secret band of revolutionary syndicalists.

SOVIETS SWEEP ON TO LIMBERG

PREPARE DEFENSE

Lloyd George Declares Allies Are in Accord on Polish Question—Bolshevists Do Not Want Peace

Warsaw, July 30.—The Bolsheviki captured Bialystok, about 40 miles southwest of Grodno, yesterday.

In Galicia Bolshevik cavalry is reported to be 37 miles from Lemberg, where women and children have turned out to aid in building defense about the city. Every hill to the east and northeast of Lemberg is intrenched with barbed wire entanglements.

The newspapers continue to express their contention that the soviets do not want peace, but desire to invade Poland. They say it is clear from what is transpiring in the northeast that the Bolsheviki are aiming directly at Warsaw and that in the south they are marching upon Lemberg.

The Gazeta Warszawska declares: "Poland is fully aware that negotiations may be broken off any minute and that while they last soviet Russia will make all efforts to cause an outbreak of Bolshevism and revolution in Poland. Therefore, Poland must, in order to safeguard an honorable peace, gather all her patriotic spirit and energy."

The Polish committee of national defense sent a wireless message to the soviet supreme command on July 27 stating that it would send delegates on July 30 with full power to negotiate an armistice.

COAL FOR VIRGINIA

State Fuel Commission Secures Promises From Operators.

Richmond, Va., July 30.—Virginia will have plenty of coal for the winter at reasonable prices, according to the executive committee of the Virginia Chamber of Commerce, which met here yesterday with representatives of the coal operators.

The committee are making a special study of the coal situation, at the request of Gov. Davis

The committee yesterday was unable to secure an adjustment of the prices because the operators were unwilling to treat as to prices. It was agreed that the operators should fulfill existing contracts. The fuel committee asserted that present prices are too high.

Fuel committees will be formed in each city and town in Virginia. Needs of each community will be referred to the State Fuel Association.

The fuel committee expressed the belief that high prices are due to speculation and urged the public to deal only with legitimate dealers.

DISMISSES "PEACE PETITION.

Holds That Wilson's Veto Effectually Settled the Question.

Washington, July 30.—Chief Justice Mc Coy of the District Supreme Court yesterday afternoon dismissed the petition of Harry S. Mecartney, a Chicago lawyer, seeking a writ of mandamus to compel Secretary of State Colby to officially declare that a state of peace exists between the United States and Germany. An appeal was noted.

The decision was given immediately following Mecartney's argument, in which he contended that there was a power of sovereignty above the Constitution, which left an inherent right in Congress as the representative of the people to act independently of the President in matters of great exigency.

Judge McCoy made the point that Congress had not attempted to assume any such superconstitutional authority in connection with the peace resolution passed by both houses last spring; if so, they never would have sent the resolution to the President for his approval, nor have attempted to pass it over his veto later.

speech of acceptance he will make entirely clear his position on the League of Nations issue, and will clear up any misunderstandings growing out of the White House interview."

On the occasion of that interview, it will be recalled, Governor Cox gave out a statement indorsing the President's attitude, and winding up with the following significant statement, which, however, Mr. White now explains, involved "no ironbound contract":

"What he (the President) promised, I shall, if elected, endeavor with all my strength to give."

Adding to the suggestion that the revised attitude of Governor Cox has not left relations between the White House and the nominee as smooth as they might be, Mr. White stated that he had no engagement to confer with the President.

"I shall, however," he added, "leave my card at the White House as a token of respect."

FLASH OF ALCOHOL KILLS

Drug Clerk Loses Life When Barrel He Is Tapping Explodes

Allentown, Pa., July 30.—While a 50-gallon barrel of grain alcohol was being tapped in the drug store of King & Jones yesterday afternoon there was a terrific explosion that killed one man and started a costly blaze. Frank King, one of the proprietors, rushed up stairs with clothing afire and rang an alarm. Twenty firemen with masks were driven from the burning cellar, while David Knauss, an oversea veteran, entered with his army gas mask and recovered the body of Clarence J. Keiser, a drug clerk, who was tapping the alcohol. At the Allentown Hospital it is feared King will lose his sight.

It required an hour to extinguish the blaze which caused a loss of $10,000. he firemen think fumes from the alcohol were ignited by a gas jet.

Coffee Is Harmful to Growing Children

and parents who permit its use sometimes have cause for regret.

With children in the family, and where the coffee flavor is liked,

Instant Postum

is generally accepted as the ideal table drink instead of coffee.

All grocers sell Postum, and its pleasing flavor, combined with its advantages of quick making and economy, soon make it a home favorite.

SEEK WAR DATA FOR VIRGINIA HISTORY

(Continued from page one)

the story is recorded.

It will be impossible to make future historians believe that "A" county played its full part if, in the official history of Virginia, there is only the most meager mention of "A." On the other hand, "B" county will secure at once the favorable attention of the future historian if the official history sets forth completely, accurately and impressively the record of its performances. Yet "A" may have done as much or more than "B."

To those who regard history as non-essential, who are averse to writing anything that savors of boasting, who think that official records in statistical form collected by various organizations are all-sufficient, the History Commission would only say that, while patient digging through the numerous mines of official records might give the future historian material for his work, the reader of history will have no time for such investigations and his judgment of a county, of its generosity, will be obtained primarily from the official story of the State.

People who, otherwise, would never visit Wakefield, go there because George Washington was born there. St. John's Church in Richmond is a Mecca for vistors, drawn by the sentiment attached to the place Patrick Henry delivered an immortal oration. Lexington attracts because General Lee lived there during his last years and died there. Charlottesville would be a shrine even if there were no University of Virginia, because Jefferson lived at Monticello. So Temple Farm and Bruton Parish Church and Jamestown Island and St. Paul's in Norfolk and the Crater near Petersburg draw their pilgrims because history has made these places famous.

Every high school student knows of Minute Men of Lexington, but few, even in Virginia, know of the Minute Men of Culpeper. Students in grammar grades know of Salem's Town Council, but who knows about the patriotic justices of the peace in Westmoreland County in the Colony of Virginia? Men are revered, places are hallowed; if their worthy histories are known, but the unrecorded great soon pass into oblivion.

This is not a plaint or a lecture. It attempts to be a plain statement of accepted fact and is written without prejudice and without annoyance in the hope that in may make tardy commissions speed up their work which, if well done will mean so much for the future fame and possibly the development of their sections.

GIRLS LEAP FROM FLAMES.

Trapped in Factory, Women Are Caught in Blankets by Volunteers.

Philadelphia, July 30.—Trapped in flames eight girls leaped three and four stories to blankets held below in escaping from a factory fire at Third and Locust streets yesterday afternoon. All were caught safely by the blanket brigade, which was organized by a former Marine named Baker.

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience. Take a dose of calomel today and tomorrow you will feel weak, sick once all the next day like violent calomel. And nauseated. Don't lose a day.

SPECTRE OF BOLSHEVISM.

The recent declaration of General Ludendorf to the effect that Bolshevism may envelop the civilized world if not speedily checked, is read with a grain of salt by the suspicious who are inclined to believe the German chieftain is insincere and, in his way, is endeavoring to secure better terms from the allies. Others, however, prefer to believe that the General means what he says, and that the red spectre, should Poland be crushed, is likely to spread over Germany and, like the cholera, move from clime to clime until the entire planet becomes enmeshed in its coils.

We are not alarmists, but there is much going on at present to afford foundation for Ludendorff's observations. Discipline has almost passed away, and officals in attempts to enforce law meet with many barriers Attempts to enforce rules or discipline of any sort are generally regarded as attacks upon individual liberties.

The recent world-war has left this terrestrial sphere in confusion, and brought about conditions out of which bolshevism has emerged. This is threatening civilization.

The propagandists of this scourge are bitter enemies of Christianity or religion in any form. They are telling the ignorant and shiftless that religion is used by those they accuse of enslaving the race to make men and women submissive. Hence, like the Jacobins of old, they call upon their followers to repudiate all species of faith.

We read that in antediluvian days "violence filled the earth." It is apparently the aim of Bolshevism to reproduce similar conditions.

LACK OF CO-OPERATION.

There appears in a recent edition of the Kansas City Star an editorial of the crime wave and the impotency of the courts in enforcing the law, the paper commending the police chief and commenting on the laxity of the courts in breaking up the gang of desperadoes.

The Star alleges the absolute failure of the courts to back up the officers. The chief of police, with commendable frankness, has told some of the difficulties of the police in handling the situation. He says the police fail to get cooperation in some of the courts to which appeals are made. There is some unseen power that blocks successful court prosecution.

"Here is testimony from an expert If an agent of some reform organization made the charge people might think he was exaggerating. But the chief of police is authority for the statement."

HISTORY REPEATS ITSELF.

In the olden time, when the church played a prominent part in enforcing laws, a woman charged with treading the wrong path in life was sentenced to attend church on a Sunday morning and to occupy a high seat, where the entire congregation could scan her, and listen to a sermon directed at the accused. On such occasions there was a general turn out and every seat in the edifice was occupied, mostly by persons brought together by curiosity, not spirituality.

Six boys were sentenced to Sunday school by Judge E. H. Reppert in Juvenile Court in Uniontown, Pa., recently. The boys are to report twice monthly to the parole office showing certificates of attendance at Sunday school. The boys were charged with entering freight cars.

VIRGINIA NEWS

J. Leland Boush, principal of Robert A. Lee school, Norfolk, and for thirty years connected with the public school system, died Wednesday. Professor Boush was one of the best known educators in Tidewater Virginia.

Thomas Pearson, 49 years old and father of 10 children, was found guilty of killing Charles B. Longerbeam, a farmer and athlete, by a jury in the Clarke Circuit Court Wednesday, in a trial lasting three days. Punishment was fixed at 4 1-2 years in the penitentiary. The evidence against Pearson was circumstantial.

Real estate values in Virginia will show an increase of not less than $200,000,000 this year over that of last year, when the aggregate of real estate was placed at $688,456,668. In other words, in round figures the real estate of the state is expected to reach $900,000,000. In 1915, when the last general assessment was made, the aggregate was $646,540,050. The increase this year over last year will be approximately thirty per cent.

Angry over the efforts of Henry Cowan, newly-appointed liquor officer to stamp out the liquor traffic, moonshiners of Wise county, are believed by the police to have blown up his garage with dynamite Wednesday night. Cowan bought a new automobile to expedite his work of tracing down mountain stills. Muttered threats have been heard about the county for several days that the car must be destroyed.

That the supposed suicide of Miss Carrie Easton, pretty Charlottesville silk weaver, may turn out to have been a brutal murder was made possible by evidence submitted at the inquest held by a corner's jury yesterday. The inquest was given a sensational turn when an autopsy on the head of the dead girl was ordered. When the skull was laid open the fatal bullet was found imbedded in the brain membranes.

TROOPS INVADE CHAMBER

Belgian Soldiers, Demanding Bonus, Partly Wreck Deputies' Room

Brussels, July 30.—Thousands of soldiers assembled outside the Chamber of Deputies yesterday to demonstrate dissatisfaction with the Government's treatment of former soldiers who demand that a lump sum be paid every man who served in the war. A body of soldiers broke the police cordon and invaded the Chamber, disregarding Burgomaster Max's appeals. Eventually they were persuaded to leave peaceably.

While in the Chamber the soldiers broke doors and windows and hurled ushers aside. The men then marched through the Chamber with banners, while the astonished Deputies sat powerless to quell the tumult.

MOVIES

RICHMOND—Wm. S. Hart.

It is safe to say that no matter how pretentious a motion picture may be, however gorgeously produced, unless it contains the element of human interest it will not achieve more than a mediocre success.

In "Sand" his newest production for Paramount Artcraft at the Richfond tonight, William S. Hart, the noted western star, has introduced more than the average amount of this necessary concomitant of all worth while pictures. Aside from his own dominating personality, he has chosen an exceptional cast, with Mary Thurman, the beautiful, as leading woman. The love element is a strong current that permeates the entire story, which includes such striking scenes as a typical train holdup, a terrific leap on horseback from a high cliff into the water, accomplished by Mr. Hart, the blowing of a safe, and other thrilling incidents.

INGOMAR—Film From Real Life.

It is dramatic slice of real life that is presented at the Ingomar Theatre tonight under the title of "What Every Woman Learns" with Enid Bennett in the chief role. The story concerns a young wife who considers life as a huge joke until grim reality brings her to her senses. In the test of fire which forms the thrilling climax of the picture her hidden merit shows itself and she is able to win her happiness. The cast supporting Miss Bennett includes Milton Sills, Theodore Roberts, and Irving Cummings. Fred Niblo directed the picture.

KILLS WIFE'S "VISITOR"

Former Boarder Discovered Behind Door Shot as He Flees.

Philadelphia, July 30.—While running from the home of Charles Riley, where he had been visiting Mrs. Riley, 40 years old, Thomas J. Niland, 28, was shot and killed in Norwood Wednesday night.

When killed, Niland was being pursued by Riley, and Chief of Police John H. Carr, of Norwood. Riley is locked up on a charge of murder, and Carr is out on $5,000 bail after firing two shots "over the head" of the fleeing boy.

Niland had boarded with the Rileys for more than a year and was ordered out last Saturday by the husband, who says that he found the young man making love to his wife.

While hiding behind a hedge on his lawn last night, Riley, who had Carr with him, saw his wife and Niland enter the house. On following the couple, they found Niland behind a door. He dashed out of the house, pursued by the two men. Niland was shot through the eye, and died almost immediately.

Once there was a
tourist sauntering
through a famous art
gallery; having looked
about hastily, he said to

the old verger, "I'm disappointed; this collection of paintings is obsolete and uninteresting." To which the caretaker replied: "Sir, these celebrated pictures are not on trial—the spectators are."

Its Acceptance

THIS INVITATION TO WORSHIP IN THE HOUSE OF THE LORD CAN BE ACCEPTED OR REJECTED. FAILURE TO ATTEND WORKS OUT A LOSS TO THOSE WHO REFUSE. IT SHOULD REQUIRE NO ARGUMENT TO PROVE THE VALUE THAT COMES FROM ATTENDING SERVICE. THE REST AND CONTENTMENT THUS SECURED CAN BE OBTAINED IN NO OTHER WAY. WHETHER YOU HAVE PLANS OR NOT FOR THE NEXT SABBATH, DON'T LOSE THE PERSONAL BLESSING AWAITING YOU AT SOME CHURCH IN THIS CITY SUNDAY.

Every Person Has Need of the Influence Secured in Attending Church

Don't Ease Your Conscience by Saying that You Don't Need the Church and Are as Good or Better Than Those You Know Who Attend. It May Create an Impression on Others But it Does Not Help You

Worldly people are apt to excuse their willful absence from church service on the ground that they are better than those who go. They claim that they pay their debts, don't lie, steal, swear nor cheat and that living under the cloak of the church are those who do these things. If this is true, it only goes to prove the real worth and value of the church. The fact that it is counterfeited proves that it is real. You never heard of counterfeit money being imitated. It is the original, that which has worth and value that is counterfeited. Frequently people who used to regularly attend church, excuse their absence by saying that the church has changed and that if the same spirit was in the churches today as it was when they used to attend, that they would gladly be found at service. The fact is the church has changed only for the better. The same spirit is present today as during the years that are past, except in only more intense, deeper way. It is not the church, nor the spirit that has changed, it is the person in which the change has been wrought. Gradually, but steadily the zeal and desire for worship has departed and in its place is a longing for the old-time influence of the church. You who used to know the blessings derived from service and who have grown cold, shake off your indifference. Be present at some service next Sunday. Gather with those who are worshiping the Lord and get back into the path of righteousness where you will once again enjoy the blessings of gathering with others in the house of the Lord.

Devoted to Women's Needs

Ideas to Lighten Household Work

Woman needs no longer to be prematurely aged by coarse, hard work. Every day new ideas and inventions have helped to lighten her work until she is relieved of most of the old-time drudgery.

The new easy Clean Easy method of washing has taken all of the misery out of "blue Monday." Now, the wise woman buys a bar of Clean Easy Naptholeine Soap. Soaks her clothes over night. Cuts up ½ bar of Clean Easy in a 4½-gallon tub of water. Waits for it to dissolve and boils her clothes for ten minutes; rinses, blues and dries. Presto, in a few minutes an average week's washing is done—with no mean work and for only a few cents.

This marvelous wash soap has done more for women than anything since the sewing machine. It sounds like a wonderful dream to think of getting your washing done without scrubbing and rubbing and all sorts of mean work. But it's a live fact.

In these times of high prices you will find Clean Easy washing a wonderful revelation. All heavy clothes can be easily and cheaply cleaned. Light fabrics will last longer, for Clean Easy does not harm the cloth.

Let Clean Easy do your work—and you'll find it always well done! Ask your grocer. Follow the directions on inside of wrapper. Notice how different Clean Easy looks from other soaps.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only
EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
